*Invitation  
To Buy*

**EXTRA PROFITABLE  
Polled Shorthorns**

**NOVEMBER 24, 1973**

**CENTERVILLE,  
IOWA**

Some of the good yearling bulls in the Wayne Carr lots this summer. Carr bull productions have been extremely popular with southern Iowa and northern Missouri buyers. So much so, in fact, that no bulls, other than the senior herd sire, are being offered in this sale.

The Carr breeding has done well for others. The first polled bull to be used by Rothney Farms, Calgary, Alberta, was out of Apsi Fair Lady x, a member of Carr's champion pair at the 1960 Congress. This Lady family has been in the Carr herd for 30 years.

Pleasant Dawn Approval x, now in service at Pleasant Dawn Farms, Oak Lake, Manitoba, is one of the top breeding bulls in Canada. His dam, Apsi Lady Gretchen A x.

Woodbrook Go Boy x was International reserve calf champion and reserve champion at several major 1970 shows. He is now in service at Norton Bros., Purceeville, Va., and Ashbourne Farms, Prospect, Ky. His dam was bred by the Carrs and is a member of their Lady Linda family.

IHR Echo Chief x, being used in The Mains Herd, Poulsbo, Wash., is a double grandson of Apsi Rufus x, a bull Carr sold to Bill Bennett, Hilldale Farms, Washington.

**WAYNE A. CARR**

Dear Friends:

We have always believed that the primary reason for breeding purebred Polled Shorthorns was to improve their efficiency as yearly producers of better calves. Certainly we have tried to buy bulls with the best bloodlines available. But the pedigrees have been secondary to production.

The folks we have sold cattle to have been mainly concerned about how much their calf crop would weigh and bring on the market. The ready sale of our bulls and the repeat customers we have enjoyed bear out the soundness of our program.

A gentle, sound, high-producing cow herd has been our goal. Since we could keep only a limited number, the poor producers have been culled rigorously for over 30 years. Very few females have been purchased, or brought into this herd. Most are intensely line-bred in the blood of Edellyn Royal Leader 2nd through Lynnwood Leader, Carona Fascination x, their sons and grandsons.

These cattle have been profitable for us, and we believe they will do a good job for their new owners.

We hope you can be with us sale day.

**WAYNE A. CARR.**

# *From The Sale Management:*

Why should you attend this sale? This is a question we always ask when analyzing a sale offering. The answers come quickly in regard to this sale.

There may be herds equal to, but none will surpass, the bred-in productivity of these cattle. Annual production has been stressed to the "nth" degree in the Carr herd. A cow produces each year or she is shipped. About eight years ago the Carrs sold their entire adult cow herd to E. E. Romines, Houston, Mo. What we are selling today are mainly the "keeper" productions since that time. When you consider that a large draft of older cows were sold in the Central States sale two years ago, the build up in herd numbers is proof of the productivity of Apsi Polled Shorthorns.

Secondly, these cattle have been bred polled for over 30 years.

Thirdly, you are buying from one of the finest firms in the business. Wayne Carr was honored as a "Builder Of The Breed" in 1959, the highest recognition the breed bestows on its members. Unfortunately, Adrian (Mrs. Carr), died a few weeks ago. She had been honored as a "Lassie Of The Year" in 1960. Her passing dimmed the world for many as if there were a rheostat on the sun which someone had turned down several notches. Wayne and Adrian Carr were a great team, and this herd reflects that joint labor of love.

Last but not least, the cows in this herd "respond" to sire type. This is evident by the calves that sell. Whatever type you desire to stress in your program, these cows will do a job!

Wayne Carr is not completely dispersing. He is keeping his yearling bulls, four open heifers, four bred heifers, and his junior herd sire. However, the main "factory," the cow herd, is selling.

Dispersions always present buying opportunities that are not always part of consignment or production sales. **YOU ARE BUYING ALL THE GOOD ONES IN THIS SALE!**

Be with us sale day. We know you will be glad you did.

**BILL STUNKEL**  
Sale Manager.

**RIDGEVIEW ROAN DUKE x** — Wayne Carr did not write a footnote for this bull. Probably because he thought this good three-year-old would sell himself once you saw his size and soundness. More to this sire's credit are the good calves selling. They not only have good length of leg and stretch but thickness of quarter and overall quality. Oakwood Guardian x won at 15 major shows and was by the International grand champion, Creekland Lancer x. TPS Coronet Headline 5th x is by Avenel Headliner x, a son of the \$7,600 Camson Better News and grandson of the \$18,000 Perth reserve champion Calrossie Good News and International grand champion Cherry Hill Royal Leader x.
